Title: Disposal, Recycling and Auctioning of Non-Police Vehicles Contracts

Date: 05/11/2026

---

1. Executive Summary

PCC approval is sought for Humberside Police to extend the current contract for Disposal, Recycling and Auctioning of End-of-Life Non-Police Vehicles, which is due for expiry 30/11/2026, for a period of 6 months until 31/05/2027. This would allow a review of procurement options to take place.

2. Recommendation

The recommendation is to extend the current contract which is due for expiry 30/11/2026, for a period of 6 months until 31/05/2027.

3. Background

There are no costs to the Force in relation to the delivery of this service, and as the service poses an 'operating risk' for the supplier, this contract has been identified as a 'Concession Contract'.

The service generates funds (i.e. auction sales and scrap) which are paid back to Humberside Police. Based on the last 2 years of auction sales and scrap, the funds generated through this contract and returned to Humberside Police was approximately £702,500 p.a. Taking into consideration the increase of auction and scrap sales from 2024/25 to 2025/26, it is estimated the annual figure would be £725k going forward.

4. Options

1) To extend the current contract, which is due for expiry 30/11/2026, for a period of 6 months until 31/05/2027. This will allow Humberside Police Procurement the time to evaluate collaboration and route to market options.

2) Do not extend the current contract, but it is expected this would leave a period where this important provision was out of contract. There may be some risk that future income is disrupted.

5. Financial Implications

There are no financial implications if the contract is extended. There may be a risk that future income is disrupted if the current contract is not extended.
